Elba Christmas Festival Coming Up in November

Elba's 1998 Christmas Festival, "Another Magical Christmas," sponsored by the Elba Chamber of Commerce, will be held Saturday, Nov. 28, beginning at 9 a.m.

Historic Courthouse Square will become an outdoor market place with all kinds of arts and crafts, foods, activities, entertainment, and fun. Christmas decorations, gifts, and other items will be available.

For information regarding arts and crafts, call Joan Ward at 897-5341 (night).

For the children, there will be supervised activities in the library, as well as fun things to do around the square. These activities will be coordinated by the Senior Girl Scout Troop.

Also, Santa Claus will be present at the gazebo for pictures with both young and old.

Free entertainment - singing, dancing, comedians - will be provided. For information on entertainment, call Barbara Hudson at 897-6918.

There will also be a Little Miss Christmas pageant this year. For information on this event, call Cindy Haley - 897-2986 (night).

At 5 p.m. the city of Elba will be transformed when Courthouse Square is lighted with hundreds of Christmas lights, to signal the start of the parade.

The first float in the parade will be a community float with the theme "Another Magical Christmas," and the Elba Chamber is asking each person attending the parade to bring some item of food, toys, clothing, etc., to place on the float as it passes by, to share with needy persons.

For more information about the parade and entries, call Kaye Whitworth at 897-3669.

The Chamber urges all residents to come out and support the festival.

Now that we have wrestled some funding away from higher Ed to shore up and repair our K-12 system, it's time to plan for the future. We need to concentrate on workforce development to prepare the students that will be looking for jobs in tomorrow's market. We need high tech technical training available, as an alternative for the child not destined for a 4-year degree. We can't afford to keep our "old trade schools" mired in the 70's. ESJC could lead the way in this.

Crime

Every year I've supported a truth-in-sentencing bill patterned after the federal model. This is the best way to short-circuit lenient judges. Hopefully, as the Alabama Legislature evolves, it will become a higher priority with the new leadership. This would mean a 15-year sentence means you spend 15 years behind bars. What's confusing about that? I plan to keep pushing this initiative.

Seniors

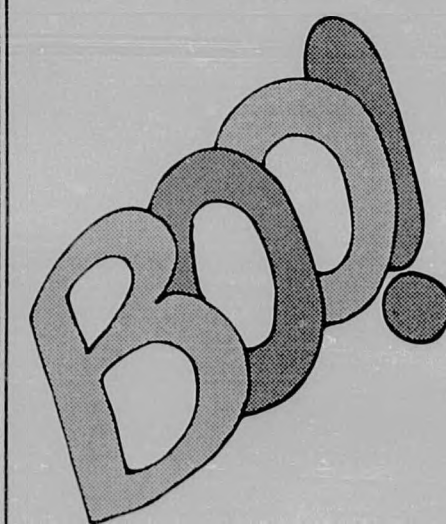

I've been proud to play a part in helping one Senior Citizens Center get established in Damascus and secure funding for the others in various forms. It is a part of the job that is most gratifying. Coffee County was recently awarded 3 vans out of the 25 dispersed statewide. This doesn't happen by accident.

Taxes

Government must learn to live within its means. I have steadfastly opposed new taxes. Our children's future depends on it.

COURT ORDER REQUIRES ANNUAL ELECTION OF CHAIRMAN**Lewis elected Chairman of County Commission in Monday voting**

by Marvin McLwain, Editor

The Coffee County Commission elected a new chairman for the coming fiscal year. He is Kayo Lewis, commissioner of District 2. After Lewis received a 4-3 "secret ballot" vote, the commission voted unanimously for him to serve as chairman of the body.

Each year, by court order, the commissioners elect one of their body to serve as chairman of the commission. This is done via secret ballot. During the last fiscal year, Commissioner Robert Stephens, who represents District 3, served as chairman.

Last year, it took casting of several ballots before a chairman was chosen, this year it was done on the first ballot cast. The vote was four for Lewis, one each for Commissioners Doug Dalrymple, Bernest Brooks and Tom Grimsley. Lewis will preside over the next commission meeting.

During the general business session, Brooks told members of the commission, that he had openly "campaigning" for the chairmanship stating that "beyond any reasonable doubt, I feel qualified to be chairman."

Brooks went on to relate how the same 1988 court order that stipulated who and how the chairman (prior to the court order, the probate judge served as chairman of the commission) was to be selected created a minority district to ensure that a minority representative would be elected to serve on the commission. He is the representative from that district - District 5. The court order also created another district which increased the number of commissioners from five to seven.

Commissioner Brooks made a motion seconded by Stephens that the chairmanship be rotated among the seven commissioners on an annual basis beginning with the next fiscal year 1999-2000. His motion failed by a 4-3 vote with he, Stephens and Commissioner Linda Westbrook casting the only affirmative votes.

After his motion failed, Brooks indicated that he possibly would take the matter to court in an attempt to have the court order that the "rotation process" of selecting a chairman be adopted.

Commissioner Grimsley favors reducing the number of commissioners from seven to five or even three and the chairman being elected county-wide to serve full time for four years. He suggested that an amendment be introduced by the county's legislative delegation in the year 2000 allowing the people of Coffee County to vote on the issue. Commissioner Dalrymple echoed Grimsley's feelings on the district and chairman selection.

A move to select a vice-chairman with authorization to "sign checks" in the chairman's absence failed after several secret ballots cast did not give any commissioner a clear majority. However, a vote to allow the commissioner receiving the "most votes" passed by a 4-2-1 vote. Commissioner Stephens received the most votes electing him vice-chairman.

Turning to other matters of business, Elba Mayor James E. Grimes

appeared before the commissioners requesting "any [monetary] assistance" they could provide the Elba Senior Citizens Center toward the

Complex in New Brockton, AL.

Other matters acted on by the commission consisted of the following:

***Upon the recommendation of the county engineer, rejected all bids received at the last meeting on steel pipe and voted to send out bid requests on an as-needed basis. The rejected bids were for an annual supply of steel pipe.

***Accepted the low bid of \$5,000 from Tidwell & Sons Heating & Cooling for installation of a new air conditioner unit in the County Complex building.

***Awarded a three-year contract to Bradshaw Pest Control of Elba for the termite treatment and pest control at the Elba Courthouse. The cost of the contract is \$150 annually with an option to extend the contract for two years at the end of three years.

***Adopted a resolution to participate in the Federal Emergency Management Agency's Flood Mitigation Program for the county consisting of elevating, relocation and buy-out of flood prone houses. The county will provide matching funds and/or in-kind services for this federally funded project.

***Adopted a resolution supporting the amendment (Number 7) which does not allow the legislature to pass legislation which passes unfunded mandates down to counties unless it passes by a two-thirds majority vote.

***Changed driveway pipe policy to read "a minimum of 30 feet be installed for pipe diameters of 18" or greater."

***Resolution to initiate a project of resurfacing for Yellow Leaf Drive, Pine Leaf Drive, Augusta Drive, and 80 feet on Candlebrook Drive which will be done with state

purchase of a new van.

Major Grimes told commissioners that the March Flood '98 had placed a strain on the city's finances with the center having to be repaired and the loss of a van being used by seniors.

The commission in a 6-1 vote (Dalrymple cast the lone dissenting vote) gave the city \$2,500 to be used toward the purchase of a new van.

The next commission meeting will be held Monday, November 9, at 9:00 a.m. in the Community Room located in the County

ELBA HAS 120 DAYS TO MAKE OTHER ARRANGEMENTS

Garbage contractor formally request release from long term contract

by Ferrin Cox, Publisher

The Elba City Council took a step forward on the federal buy-out of flood prone homes Monday night, transferred another of the former school buildings to the Industrial Board for an expanding industry and learned that their garbage collector wanted to divorce Elba.

The Council was told Monday night that City Environmental Services has served notice of cancellation of their garbage pick-up service with the City of Elba. The contract allows the contractor to cancel the contract with an official notice of 120 days. That notice was hand delivered to Mayor James Grimes Monday evening.

Grimes told council members he was not surprised at the action based on the increased number of complaints from citizens on poor or non-existent garbage service in the past several months. The mayor added that the firm had been sold recently to Waste Management and apparently the new owners were reviewing all contracts.

No decision has been made on which direction the city will go, rebidding of the garbage pick-up contract or getting back in the garbage collection business. There continues to be officials and private citizens who feel the city can do the work better and cheaper than a commercial firm. Grimes said he has asked the company for the depreciated value of the Elba garbage containers if the city decides to do the pick-up. They promised to furnish this information and said the company probably had some trucks for sale if Elba was interested.

The city council also approved a number of resolutions dealing with the federally funded buy-out program of flood victims. The first phase of the program will buy 24

homes, fund the moving of two, and pay for elevating two homes above the high water mark.

The project is estimated to cost \$1,591,984, with the City of Elba and the individual home owners putting up \$399,484 of that amount. Grimes explained that the Federal Emergency Management Agency (FEMA) will only furnish 75% of the cost of this work and the other monies must be furnished from different sources.

The City of Elba will be able to get some financial benefits from in-kind work, such as the administrative cost of managing the buy-out. The city will also assume the responsibility of demolishing the buildings after the buy-out is complete. The lots the homes are removed from will forever be open spaces, according to FEMA regulations.

Homeowners who agree to be part of the buy-out will take a previously agreed upon price, which will include them absorbing part of the cost.

Another project which moved forward Monday night was the low-to-moderate income home buy-out. This is a companion of the FEMA project, but there are several limitations which don't apply to the first project. This is a Community Development project and the total federal funds are \$250,000. The City will furnish \$65,000 for this buy-out project.

The council authorized Mayor Grimes to sign the necessary paper work on a Community Development grant application for some sewer work to homes out past Kleiner's on Highway 84. Previous efforts to get this project funded had failed, however Grimes said he is highly optimistic it will get approval this time around.

Eddie Kelley, chairman of the Elba Industrial Board, appeared

before the city council to update the city fathers on activities of the board. He also explained that he was ready with the formal papers on the transfer of the former vocational building from the City to the Industrial Board as part of the continuing efforts to assist the expansion of Worth Tent and Awning

number as soon as the additional building has been renovated and retrofitted for the work of making tents.

The company had previously expressed an interest in the old gym building, but later decided the vocational building would better suit their needs. The city had already transferred the gym to the Industrial Board for sale to Worth Tent and Grimes was joined by council members in agreeing that to proper place for the total to the gym building was the industrial board. It was felt this would save again transferring the facility when an industrial prospect shows interest in the facility.

The sales contract with Worth Tent carries a clause giving the company the opportunity to buy additional parts of the school property if the city decides to sell more and the company can utilize it in their operation. They will actually have a "right to first refusal" on any such sale. This created some discussion and questions from council members, and Kelley explained the wording of this clause was still being worked out, but the city council and/or Industrial Board would still be able to review the needs of Worth and any other potential use before making any proposed sale.

Police Chief R. W. Whitworth addressed the city council and noted the active working of the radar on Claxton Avenue, in the neighborhood of Hardees, has had a positive effect in slowing down speeding traffic in the area.

Whitworth also introduced Lance Tindol and asked the council to approve hiring him as a police officer. Tindol is not a certified officer and must attend the police academy. Council members were told the new officer will have to stay with the Elba department for two years after

Company.

Mickey Driggers, of Worth Tent, purchased the former middle school several years ago and says his firm wants to expand further and needs the additional space. Kelley said the growing company has plans to expand its product line as well as increase the volume of the present work. The company is now employing 27 people and will expand this

VOTING LIGHT...Absentee voting has been light. As of Saturday, there had been 239 absentee votes cast via mail and 57 votes cast in the on-site locations in Elba, Kinston, New Brockton, and Enterprise. Pictured above are poll workers at the on-site-voting location in Elba. They are (l-r): A. C. "Buddy" Brunson, Jr., Vivian Green, and Jane Bryan.

Area Happenings

FLU VACCINATION The Coffee County Health Department will have flu vaccine available on Friday, October 30. Hours will be 8:00 a.m. to 10:30 a.m. and 1:00 p.m. to 3:30 p.m. Medicare cards should be brought for presentation. For individuals not on Medicare, the cost will be \$5.00.

CHRISTMAS FESTIVAL Plans are now underway for Elba's annual Christmas Festival to be held on the square in downtown Elba. The date is Saturday, November 28, 1998. Watch for additional announcements and information concerning the festival in The Elba Clipper.

Area Happenings
Both Elba and New Brockton have set the date and hours for trick or treating. They are as follows: **Saturday, October 31 (Halloween), from 5:00 p.m. to 7:00 p.m.**

Dwayne Estes, new director of the Elba Work Release Center, was introduced to the council by Whitworth who said he expected a good working relationship with the new director.

Estes told council members he had already agreed with the mayor and city clerk to furnish a detail of workers from the center to pick up litter around the Elba levee. The work will begin on Wednesday of this week.

The new director also explained that the inmates earn some money which they are allowed to spend. He said new guidelines have the inmates doing their purchasing locally whenever possible.

City Clerk Donnie Morrow announced that the drain pipe on Jackson Street (at the site of the March levee break) has finally been installed. All that is lacking is the construction of the head walls, according to the clerk.

He presented council members with information about a surplus 1 1/2 town diesel truck which is available. The city is looking for another truck to be used as a back up trash pick-up vehicle. Recently a breakdown left the town without trash service for several weeks. The vehicle can be purchased for \$11,275. The council authorized sending to employees to check out the low mileage vehicle and to purchase it if they felt it was mechanically sound.

Grimes presented a copy of the financial report for the past 12 months. He said he was pretty well pleased considering what has happened in Elba during the past fiscal year.

BRAINSTORMS

With Ferrin Cox

Next Tuesday is election day in Alabama. It is the time for Alabamians to elect officers for a number of offices, from Governor to county constable. It is also the time when the rugged individualism among the voting population can exercise the hard fought right to vote for the candidate of their choice without regard to party affiliation. This will please the growing ranks of voters who were upset when asked during spring primaries "in which party primary they were to cast their ballot." There are also 11 statewide and one Coffee County amendment for voters to consider.

Personally, our ballot will look like a checkerboard, as we cross back and forth on the ballot, voting for the individual considered the best qualified, regardless of party registration. We are, as usual, proud of our selections, always making them without regard to chances of the candidate winning. Our votes are usually cast with strong conviction, but admittedly there have been times when it is the vote of a bewildered voter.

For governor, it is no secret we are voting with Fob James. He has been awful good to Elba and Coffee County during the past four years. Our association with Don Siegelman goes way back, as has our support for him in his political races, but his liberal leanings have increased and his wild promises for use of the lottery profits are an insult to the intelligence of the Alabama voter. We don't actively support a lottery for Alabama, but will not anguish over the idea either. In our Florida newspaper, we wrote editorials supporting voter approval of the lottery amendments, only to see the promised benefits from one of the most successful lotteries in America come up short when the politicians got to tinkering with the money. The school students in Graceville, FL are using the same trailer classrooms they had before the "education lottery."

The race for Lt. Governor is messy. Mud slinging seems to follow Steve Windor. It was present in his primary race, yet in practice, he exercises many of our beliefs. Considering everything, our plans right now are to vote with the Democrat candidate, Dewayne Freeman - he seems to be a class act and a good man.

Our support for the re-election of Senator Richard Shelby is rock-solid. There are not enough pages in this newspaper to cite you all the positive things he has done in Washington for Alabama and America. Here is a candidate who should win by acclamation, rather than by a secret vote of the electorate. Again, here is a man who has really gone to bat to get relief for disaster victims in Alabama. There are some yellow dog Democrats who resent his conversion to the Republican Party, but on the national level that is more in line with the beliefs he practiced here in Alabama... so it was actually a "confession on the altar," rather than abandoning a sinking ship.

Representative Terry Everett also works to take care of "his people." He has not forgotten his roots and fights hard for the farmers and working people of this district, as well as the all important protection of the sick and elderly war veterans. We personally watched him and his entire staff join with Senator Shelby and his staff in getting federal help to prevent recurrences of the March, 1998 flood damage in South Alabama. We were there in those hallowed halls of Washington seeing it first hand. We not only owe him a vote of confidence, but our heartfelt thanks as well.

If you know "yours truly," it comes as no surprise that we are voting for Judge Terry Butts, the Democrat, to fill the office of Attorney General. Before he resigned from his seat on the state supreme court to run for this office, we asked "why?" he wanted to make a difference and we support that idea. Besides, even before he indicated an interest in the office, we were hoping for someone, anyone, to replace incumbent Bill Pryor.

In the race for Supreme Court, Place #1, our plans are to vote for a lady, Judge Jean Brown, the Republican. She fills out idea of a person qualified for the position. Also, in spite of claims by her opponent to the contrary, she is experienced and can be tough when necessary.

In the race for Supreme Court, Place #2, our support goes without hesitation to the incumbent, Republican Gorman Houston. While he opponent may be a good woman, but I don't even know if she can walk and chew gum at the same time, having never met her nor having any knowledge of her record and ideas.

In the race for Supreme Court, Place #3, there is a tough choice for his writer. The Republican candidate is a native of Enterprise, but we have never even met him. He comes from a good family, but the family is not running. Some good friends speak highly of him, but others who know them both, speak highly of the Democrat candidate, Judge Douglas Johnstone. We do know Johnstone, like him and his record. Right now our vote is going to Johnstone.

In the Court of Civil Appeals Place #1, we plan to vote for Sharon G. Yates. She is the Democratic candidate. Here is a case where no one can be accused of voting by gender, as both candidates are female.

Jim Bennett is the incumbent in the office of Secretary of State. Bennett is the Republican in this race. We don't have any idea if his opponent can walk and chew gum at the same time... we just don't know about her at all. We do know Bennett is qualified and he gets our continued support.

Lacy Baxley for State Treasurer. We find little other choice. Her opponent is a Republican, but that is all we know about him. Lucy does a good job, works hard and has avoided any public scandal.

The office of State Auditor should be abolished or given some authority to audit something. Any way the incumbent, Patsy Duncan, is a disappointment. She admits to only going to the office four days a week and "trying to get there by 9 or 9:30 a.m." This woman is a former newspaper publisher and should know how to put long hours on the job, but appears to be enjoying the gravy train. We are supporting the Democrat here, Susan D. Parker. This woman is a qualified, hard worker and has faith in her belly. She will get the office some work and money to do the work, if it can be done.

Republican Jack Thompson gets our support for Secretary of Agriculture. He is the incumbent and has done his job. The Democrat challenger is Charles Bishop and he would have probably made a great prize fighter, as his coal miner toughness spills over to threats of fist fights with those who disagree with him. That even happened when he was serving in the Alabama Senate.

Thank goodness for Kelli Wise in the race for Public Service Commissioner, Place #1! This young lady is qualified and has integrity to go with her Coffee and Geneva County family ties. Hopefully Alabama can finally send Democrat Jan Cook into official retirement. The stress here is on official, as she has a reputation of never having done much of anything to help anyone but herself. However, her ability to win re-election continues to amaze us and frustrate her opponents.

Democrat Charles Martin is the incumbent in the office of Public Service Commissioner, Place #2. The Republican is George Wallace Jr. The Wallace name has magic, but our vote stays with Martin. He is apparently honest and handles his job in a businesslike manner. This is not a slap at Wallace, but there is no reason to make a change, not in our eyes anyway.

Dutch Higginbotham gets our support for State Board of Education, District #2. He is the Republican candidate and the incumbent. Dutch knows his job, he knows his way around Goat Hill and... well, he gets our vote.

There are also a number of other races, all with local candidates or in several cases, only one candidate. In those with two candidates, both are our friends and we aim to keep it that way, therefore our voting confessions are over for this time. There is a race for State Senator, State Representative, Circuit Judge, District Attorney which need our attention. There is also a county school board race for some voters. If you live in District #4, there are two candidates there. Please look at the sample ballot printed in this issue of the newspaper and/or read the political ads in the newspaper to determine the candidate who best represents your beliefs and needs in all these races.

There is one local amendment which needs our attention. It will stop adding to the costly superannuation system in Coffee County. Presently qualified people will not be affected by this change, but any newly elected county official would be part of the state retirement, rather than getting their retirement from the people of Coffee County. Please support this amendment... for the sake of your pocketbook, this does not add more people to the retirement.

Note for the candidate of your choice, but please friend, do vote!

STATE REPRESENTATIVE

June 5, 1998

"A Strong Voice for Coffee County"

Dr. Paul Hubbert
Alabama Education Association
P.O. Box 4177
Montgomery, AL 36103-4177

Dear Dr. Hubbert,

It was a pleasure chatting with you yesterday. I appreciate your insights regarding my return to Montgomery as Representative of the people of Coffee County. I've worked hard for them these last four years and, hopefully, with a healthy campaign I'll be able to convince them that I deserve to return.

I am returning the \$2,000 WIN-PAC contribution, although I appreciate the gesture. Please know that my door is always open to you or your representatives to discuss AEA issues. As we have discussed before, I try to judge each issue on its merits and how it affects my district. As you may know, I have long held the position that PAC to PAC transfers should be addressed by the legislature since they serve only to cloud the issue of support. It is my feeling that most of the teachers I know would not want their A-VOTE contribution hidden behind a smoke screen that dilutes both its effectiveness and intent.

I enjoy a good relationship with the educators I know and will build on that foundation from the grass roots level. I've just completed my first year as a parent involved in public school system and must say that it was a positive experience.

Again, thanks for the offer of support. I'll look forward to seeing you either on the trail or in the statehouse.

Sincerely,

Garreth Moore

Oz Alabama

Pay no attention to Dr. Hubbert behind the curtain

Our Legislature represents the people of Alabama in the same way that Oz represents Kansas.

It is a bizarre world full of tin men, straw issues and a healthy smattering of munchkins. But there is just enough of a hint of something to do with Alabama about it, that — if we try very hard — we can imagine some connection.

Still, crossing over into Oz Alabama from the world of real people can be as shocking as a sudden change from black and white to Kodachrome.

Consider just one piece of legislation that wound up as roadkill on the yellow brick road this last session: A bill to allow national background checks for serious crimes before people can be hired as teachers or support workers in our schools.

State Superintendent Ed Richardson told the Emerald City that there is a sick threat out there. Richardson said he has revoked or suspended 94 teachers' state certificates the past two years for criminal misconduct.

That included cases like a teacher who was sentenced to 10 years in prison after he was convicted on 14 counts of rape, sodomy and sexual abuse involving female students between ages 12 to 16.

In Real World Alabama, Richardson — who is a

responsible man doing a fine job — would have gotten permission for background checks quicker than you could sing "Somewhere Over the Rainbow."

But in Oz Alabama, they all had to go see the great wizard. And when they got there, Dr. Hubbert said no.

Alabama Education Association Executive Secretary Paul Hubbert began the session by saying he would help Richardson push the bill. Then he spent the whole session coming up with different ways of killing it behind a facade of smoke and mirrors.

You'd think the teachers who employ Dr. Hubbert would not be very proud of this, and many of them may not be.

But, after all, the wizard did pull an 8.5 percent pay raise out of Munchkinland for them, so all in all, a good day's work.

The people who ought to be absolutely outraged are the people of Real World Alabama.

Think about it: Our Legislature can't even pass a law to let officials make sure a person isn't a convicted child molester before hiring that person as a teacher.

That's because our Legislature doesn't work for us. It works for the wizard and his fellow magicians in Oz.

How long before the people of Alabama pull their curtain back?

The entrance doors of the hall were adorned with wedding bell wreaths. The bride-elect's wedding colors of cranberry and white were used throughout the party room and were complemented by strategically placed ferns. Guests registered at a round table draped in white linen and holding the traditional plumbed pen. The gift and refreshment tables were overlaid in white linen with artistic floral and candle adornments. Punch, nuts, minis, cheese straws and cake were served from cut-glass service pieces. Hanging behind the refreshment table was a beautiful floral and bell wreath in shades of cranberry. Receiving with Miss Young were Mrs. Judy Young, her stepmother; Mrs. Rea Young, grandmother; Mrs. Dretta Graham, mother of the future

groom; and Mrs. Martha Nelson, grandmother of the groom-to-be. The honoree was dressed in a sage green jacketed dress accentuated by her bridal corsage. The hostesses presented the honoree with a "bed-in-a-bag" comforter set. Dear Gun Owner,

Your gun rights are under attack like never before.

Compromisers in the legislature in Montgomery are actively working to undermine your right to keep and bear arms at the state level.

As leader of America's largest "no-compromise" gun rights organization, I'm asking for your help.

Please **vote for Senator Dwight Adams** to return to the State Senate for another four years.

Senator Adams has achieved an outstanding record in defending your gun rights:

• In 1998, Senator Adams led a group of senators to defeat the Alabama Brady Bill (HB 32), which would have registered gun buyers and forced them to pay a new tax on each gun purchased. Thanks to Senator Adams, **you don't have to pay** that tax.

• In 1997, Senator Adams worked behind the scenes at the State House to halt the "Gun Roadblock" bill (S.237) which would have set up thousands of gun-ban zones on Alabama roads and deny you your right of self-defense. Fortunately, this anti gun scheme never got rolling.

• In 1995, Senator Adams helped defeat legislation (H.332) allowing unlimited hikes on pistol license fees. Anti-gun officials could have used that power to "tax to death" **your right to carry** a gun.

For the past four years, Senator Dwight Adams has worked closely with gun owners to fight against gun control in Alabama. We need him back in Montgomery, to keep defending your rights.

Please vote to **re-elect Senator Dwight Adams** to the State Senate.

Sincerely,

Larry Pratt

Seniors '98 Elect Officers

Alisha Walker was elected president of the Class of 1999. Other officers chosen were Vice President Charlie Maddox, Secretary Sherry Scarborough, and Treasurer Junior Jones.

After officers were elected the members of the class discussed homecoming activities. Each class decorates a classroom door and the doors get judged. Each class also makes a banner and they are carried in the parade and judged. The winners are announced at the Homecoming pep rally. Committees were formed to come up with ideas for both the door decorating contest and the banner for the parade. There is also the Homecoming Dance, which is sponsored by the senior class. It will be held in the gym. It starts immediately following the game and will last until twelve o'clock. The cost of admission is \$4. Refreshments will be sold.

FBLA Gets Ready For Halloween

by Josh Faircloth

Do you want to see Santa Claus real early and discuss with him just what you want for Christmas or maybe you would like to talk to the Great Pumpkin. Santa Claus and the Great Pumpkin are coming to Zion Chapel on Thursday, October 29, (tonight) for the Fall Festival.

Not only can you see and talk to Santa Claus and the Great Pumpkin, you can have your picture made with either of them. The Future Business Leaders of America (FBLA) has made arrangements for a professional photographer to be at Zion Chapel on this occasion to make pictures so that this great meeting can be remembered.

The pictures will be made in Mrs. Anita Grant's room in the high school building. A package of these pictures will be \$10 and will include one 5x7, four billboards, and eight exchange sizes. The proceeds will benefit the Zion Chapel Chapter of FBLA.

EHS Homecoming Hype

by Anna Maddox

As in years past, homecoming has always been a time of much enthusiasm and spirit as well as competition among the students at Elba High School. For instance, each class, seventh through twelfth, participates in the contest for most outstanding wall decoration and homecoming float. These traditions of healthy competition give the students a chance to work together, adding to the spirit of unity during the busy week of homecoming.

For the wall decoration contest, each grade, along with clubs and organizations, is designated a section of wall to design, portraying their Tiger Spirit. The junior class's "Toss the Tigers" wall decor won first place with Tri-M's "Terminate the Tigers" coming in second and

FCA's "Flood the Tigers" in third. The students' minds again went to work while constructing floats to be displayed in the homecoming parade. The floats contributed to the ardor of the downtown event. The seventh-grade class won the float competition with the theme "Smell What the Tigers are Cooking." The eleventh grade's float theme "Roast the Tigers" came in second, followed by the ninth grade's "Our Condolences to Clayton's" graveyard theme washbird.

The students who become involved during this special time of the year, as well as the teacher sponsors who keep things under control, should be commended for their willingness to work in exhibiting pride for their school.

From EHS Valedictorian to U of A Homecoming Queen

by Daniel Murdock

Throughout Elena String's life she has always reached for the next level in hopes of winning some kind of crown along with the many accolades and honors she has already received. Yet, up until this point, the only crown that Elena had obtained was one that was given to her by Santa Claus in her Christmas Day stocking.

Her sorority, Chi Omega, nominated the senior to be one of the top fifteen finalists for the honor of being the University of Alabama's Homecoming Queen. Soon thereafter, the students voted her into the top five for an assured position on the homecoming court. Then during Friday's pep rally at the quad Elena was announced as the University's Homecoming Queen!

Elena was so thrilled that she was at a loss for words when El Gold (Alabama's radio announcer) asked her to say a few words to the student body. The following Saturday, Elena was crowned at half-time of

the Alabama and Ole Miss game where her father, Dr. Kenneth Strong, ushered her down the field with a smile that was glowing with pride. Through all of the attention that she received, she never forgot her hometown of Elba. She owes her accomplishments to the leadership skills that she developed at Elba High School.

The thing that got to Elena's heart the most was when younger girls

would go up to her with a vivid smile and politely ask her for an autograph or perhaps a picture of the newly crowned queen. "I remember the day Santa Claus put that crown in your Christmas stocking," says her mother. "At that time I saw the potential you had and I knew one day you would see it too. Now, I can't tell you how proud I am of you and how ironic it all seems to be."

Marching Tigers Rate Superior

by Glenn Davis

On October 17, 1998 The Elba High School Marching Tiger Band competed in the annual "Little Big Horn" Marching Band Contest.

That day 37 bands performed in the Opp Stadium from 10:00 a.m. to 10:00 p.m. While some bands were already performing, Elba High Band students were practicing still in Elba. They arrived at 1:15 in the afternoon preparing for the performance at 6:00 in Opp.

After one last run through, the band members ate a snack and loaded the bus. The bus arrived in Opp at 4 p.m. in just enough time to change into uniforms and warm up. At 6 the Elba High School Band played their hearts out and walked away with Superior ratings. This was the last contest for the band this year and the last contest ever for the senior band members.

Respect

by Deana Gifford

Whether it be for one's self or for others, respect in the nineties has really lost its meaning. According to Webster's dictionary, respect is esteem for or a sense of worth and excellence.

When a person lacks self respect it shows up most apparently in high school drop-outs. Although the number of high school dropouts has decreased over the past two years, many districts double the national average. Statistics show that two out of three pregnant teens drop out of school.

In Elba, the drop-out rate has been estimated to be around 1.5 percent. Many of these drop-outs stem from the loss of self-esteem. Most of these teens have the potential to become positive role models in our society; however, they lack the inner qualities of respect, which are integrity and excellence, to push themselves toward higher achievements.

It is clear that respect, over the years, has declined drastically. As Mark Twain once said, "Always do what is right; this will gratify some people and astonish the rest." Once we learn to respect ourselves and others, we will in turn earn the respect of our peers.

FHA Attend Fair

On October 12, a group of FHA students and FHA sponsor Mrs. Donna Clark left EHS to attend the Alabama National Fair in Montgomery. This was a holiday for students and teachers so these students gave up a day of "sleeping in" for a day of rides, games, sewing and cooking displays, wild animals, cows, horses, cotton candy, candied apples, funnel cakes, polish sausage and all the other delicious foods and fun activities one finds at a fair.

This has been an annual event for the FHA members and it seems each year that the midway is longer with added rides and activities. The most popular rides seem to be the fast moving ones that turn upside down. Although everyone rode lots of rides at the fair, on the way home, there was talk of what to ride next year.

BE CAREFUL!

KEEP GARY L. McALILEY YOUR CIRCUIT JUDGE

In an ad that my opponent has run weekly for the last month, he states, "Justice Delayed...is Justice Denied" and sets out two cases, i.e., DR-96-112 and DR-88-264-02, he states "...sit in limbo for up to 4 years waiting for a ruling from Circuit Judge Gary L. McAliley."

Apparently, my opponent did not bother to check his FACTS out before running his ads. I have never had or been assigned case number DR-96-112 as it was assigned to and immediately ruled on by another Judge in this Circuit. A GOOD JUDGE makes sure ALL of his FACTS are correct before he acts.

I agree with my opponent that "JUSTICE DELAYED...IS JUSTICE DENIED." In fact, I have had and ruled on more child support cases and ordered more child support moneys paid than any other Judge in the history of this Circuit. I was chosen by my fellow Judges, District Attorneys and child support workers as "Alabama Child Support Association's Judge of the Year" for my work in protecting the rights of children. Children deserve to be supported by their parents so taxpayers do not have to.

Thank you for allowing me to serve as your Circuit Judge. I sincerely ask for your vote November 3, 1998.

Yours very truly,

Gary L. McAliley

Judge Douglas Johnstone is the only candidate for Place 3 on the State Supreme Court with experience as a State Court Judge, where he has served more than 14 years, following the law in a strict, conservative manner and earning the admiration and endorsement of Alabamians all across our state.

JUDGE JOHNSTONE'S CONSERVATIVE RECORD EARNS ENDORSEMENT OF POLICE AND LAW OFFICIALS

- "A dedicated, conservative and strict law-and-order judge" says Alabama's District Attorney of the Year, Tim Morgan of Huntsville
- Endorsed by more than 2,000 police officers statewide who compose the Alabama Police Benevolent Association
- Endorsed by law officers who know him best, the Mobile County Chiefs of Police Association

LEGAL

STATE OF ALABAMA

PROCLAMATION BY THE GOVERNOR

WHEREAS, the Alabama Legislature at its Regular Session of 1998 ordered an election to be held on a certain proposed amendment to the Constitution of Alabama, set out here as Act No. 98-409, and further ordered that such election be held in accordance with the general election laws of this state; and

WHEREAS, the State General Election is scheduled for November 3, 1998, and

WHEREAS, notice of this election, together with this proposed amendment, is required by law and by the provisions of Act No. 98-412 to be given by the Secretary of the Governor to the public in a newspaper of general circulation at least one week prior to the election;

NOW, THEREFORE, I, Fob James, Jr., as Governor of the State of Alabama, do hereby give notice, direct, and proclaim that on Tuesday, November 3, 1998, a statewide election will be held in the manner and form provided by law upon the following proposed amendment to the Constitution of 1901 of the State of Alabama:

SECTION 1. The following amendment to the Constitution of Alabama of 1901, as amended, is proposed and shall become a part thereof when approved by a majority of the qualified electors voting thereon and in accordance with Sections 284, 285, and 287 of the Constitution of Alabama of 1901, as amended:

SECTION 2. An election upon the proposed amendment shall be held in accordance with Sections 284, 285, and 287 of the Constitution of Alabama of 1901, as amended, and the election laws of this state.

SECTION 3. The appropriate election official shall assign a ballot number for the proposed amendment to the Constitution of Alabama of 1901, as amended, and shall set forth the following description of the substance or subject matter of the proposed constitutional amendment:

SECTION 4. THE PRESSBOX

By Ricky Mularz

It was another very busy week for Melissa last week as she played in eight volleyball games on Monday, traveled to Clayton to compete in the regional tournament on Thursday, and then braved the cold weather Friday night to cheer for the Tigers against Andalusia. Somewhere in between she managed to find time to study for semester exams, paint signs for the gym and do all the other things that teenagers do. I guess she has plenty of energy, because Sunday morning she was wanting to go shopping at the mall. When do kids rest?

TIGERS SEE 20-POINT LEAD VANISH IN LATE LOSS TO ANDY

The Elba Tigers saw what had started off like a huge win over a 5A opponent turn into yet another disappointing loss Friday night as the Andalusia Bulldogs pushed across two fourth quarter touchdowns to rally and leave town with a 26-20 win. It was a game that was really two games in one, and it just so happened that Andalusia won its game by more points than did the Tigers.

Elba came out ready to play against the Bulldogs and stunned everyone in attendance by putting three quick touchdowns on the board to grab a 20-0 lead. The Tiger offense challenged the Bulldogs from everywhere on the field, and used a wide-open passing attack with a big play running game as quarterback Eric Jordan threw deep to Derrick Duncan, and halfback Derek Coleman came back after an incomplete pass to Duncan to hit Jordan on a throw-back to the quarterback. The Tigers' new wide-open style on offense was fun to watch, especially from the Elba side of the field! The second half was a different story for the offense; however, as the Tigers sputtered on their first two possessions and then went back to being conservative. Elba's running game was non-existent against the much bigger Bulldog defensive line in the second half, and with the Bulldogs staging a rally, it was obvious that the Tigers were simply trying to survive the rally and hold on for the win. Unfortunately for the Tigers, the clock didn't reach :00 quite quick enough!

The Elba defense allowed 26 points, including two touchdowns in the decisive fourth quarter. However, the Tigers battled throughout the game on defense and appeared to tire out under the constant pounding from the Andalusia offensive line. The Elba defense turned back Andalusia on four fourth down tries from inside the Elba 30-yardline during the game, with three of the fourth down stands coming from inside the 20-yardline. It was a gallant effort by the Tiger defense, but Friday night the defense seemed to run out of gas just at the wrong time.

Everyone was disappointed with the loss, especially since Elba was ahead 20-0 in the second quarter, but football games last four quarters, and it just so happened that Andalusia won the last two quarters and in doing so won the game. It was great to see that the Tigers can open up their offense and put points on the scoreboard, because the offense isn't big enough to just line up and run straight at anybody, and has to use all its skills to get into the endzone. We all know the defense can keep the game close, and now that the offense knows what it can do, maybe the Tigers will put all the pieces together just at the right time.

AREA TEAMS DON'T ENJOY BEST OF WEEKS ON GRIDIRON

The ninth week of the season won't go down as one of the best for the teams in the area, as only Zion Chapel was able to come up with a win, and even it came at the expense of another area team. Here's a quick look back....

***ZION CHAPEL got into the win column for the first time this season by outscoring the Kinston Bulldogs 32-18, in Kinston. The Rebels were 0-8 heading into the cross-county clash, but had played well in spots throughout the season and were confident that they would win against their rivals. The Rebels' record might not show it, but Zion Chapel has done much more than just survive this season, and the win last week was one they rich-

ly deserved.

***KINSTON continued to struggle in the 32-18 loss to Zion Chapel, and it now looks like the Bulldogs could be headed for a winless season. The Bulldogs have struggled throughout the year in their attempts to get a win, but have never once given up, and even in their loss to Zion Chapel battled until the final horn. The Bulldog supporters have to stick with the program and believe that if hard work does indeed pay off, better days are ahead for their way.

***NEW BROCKTON battled its second undefeated team in the past three weeks and once again came up short as the Gamecocks fell to Geneva County 27-13. The Gamecocks have the speed to challenge any defense, but seem to lack the depth and size in the line to take command in a big game. If the Gamecocks can stick together and remain focused, they could still make a lot of noise in the playoffs.

***BRANTLEY made the trip up to Montgomery to battle the 3A St. James Trojans and found out first hand why the Trojans are highly-ranked in 3A circles as the Bulldogs got shot down 35-19, in a game that really wasn't as close as the score might indicate. The Bulldogs didn't give up, however, as their two fourth quarter touchdowns showed, and despite the loss, Brantley still has a very good shot at going a long way in the 1A playoffs.

PEAK AT PLAYOFFS DON'T GET AREA FANS TOO EXCITED

The high school football playoffs will get underway next week across the state, and while there will be three area teams in this year's playoff party, a look at the playoff pairings don't exactly do much to get anyone real excited. Here's a peak at the playoffs for the three area participants....

***ELBA - If Elba wins the Area 3 title, the Tigers would be at home next week against Washington County, where a win would then put the Tigers into a second round match-up with probably Lenoir. If the Tigers enter as the runner-up, they would travel to Leroy in the opening round, and then face top-ranked Briarwood in round two.

***NEW BROCKTON - The Gamecocks have already won the Area 3 title, and will face either Red Level or Georgiana in the opening round, while in New Brockton. A second round match-up appears to be against either Geneva County, Wicksburg or Maplesville.

***BRANTLEY - The Bulldogs have won the Area 3 title and will be at home in the opening round against either Johnson or Marengo, while a win in the opening round would then have the Bulldogs running head first into undefeated Florala.

All three area teams have solid shots at winning in the first round, but things will get a lot tougher real quick after that!

ONCE OVER, NOT ALWAYS SO LIGHTLY....

*** Even though I am not an Auburn fan, I was stunned at the sudden resignation last week of Coach Terry Bowden. I had listened to the talk shows on the radio and knew Coach Bowden was in trouble with the Tiger fans, but those were the same fans that didn't like Bowden even when he was winning, and I figured that he would have at least one more year to turn things back around. I guess the only ones that really know what went on in the House, and neither of them are talking. Rumors are that House's refusal to give Bowden a vote of support played a major role in the sudden decision, but other rumors are that Bowden was forced out due to the direction the program was taking, and one even heads in the direction of President Clinton's troubles. No matter what it is, Coach Bowden resigned immediately on his own accord, he certainly let the players down that worked so hard for him over the years and came to Auburn because they believed in what he was doing. Forget Clinton, now we've got Bowden to read about!

*** I for one don't care if the NBA stays out for a couple of years. I have never been a real pro basketball fan, and the only time I even bother to watch is in the playoffs, and only then if Michael Jordan is playing. The talk about the "rich cats" missing a paycheck is hard for the average fan to get upset about, especially when the average fan, like me, doesn't make in one year what they make in one week. Let me get another job or two and see how the real world is. Then they might just change their mind and get back to work. Elba's Ronald McKinnon continues to be one of the best kept secrets in the NFL, and after seven weeks is among the league leaders in defense. Through Arizona's opening seven games, McKinnon has made 44 tackles, 8

assists, 1 sack, 1 stuff, recovered 3 fumbles, intercepted 4 passes and deflected 4 passes. Not a bad start for a country boy from South Alabama. Keep it up, we're all proud of you!

POLISH PROGNOSTICATOR PICKS THE PREPS

Ye Ole Polish Prognosticator stopped by early Sunday morning, and was fussing about how nobody told him to change his clock. Even I could have had a distinct advantage in playing at home and are probably considered to be the favorite, but the Tigers discovered an offense last week in a narrow loss to Andalusia and might just have a surprise or two up their sleeves for the Tops. The winner here will be the one that wants it the most.

ELBA VS. SLOCOMB

The area title and the home field advantage in the playoffs will be on the line Friday night when these two tangle over in Slocumb. The Red Tops will have a distinct advantage in playing at home and are probably considered to be the favorite, but the Tigers discovered an offense last week in a narrow loss to Andalusia and might just have a surprise or two up their sleeves for the Tops. The winner here will be the one that wants it the most.

ELBA 20 SLOCOMB 19

NEW BROCKTON VS. FLORALA

The Gamecocks are 0-2 against undefeated teams over the past three weeks, and this week will host possibly the best of the bunch when the high-scoring Wildcats come to town. Both teams are blessed with speed and talent. So, the winner here will be the team that can come up with some sort of defense. Make it 0-3 for the Gamecocks.

FLORALA 33 NEW BROCKTON 20

ZION CHAPEL VS. HOUSTON ACADEMY

The Rebels got their first win of the season last week and will be licking their lips this week when the winless Houston Academy Raiders come to town. The Rebels need to remember that just one week ago they were also winless, and will have to be ready or it could be the Raiders that get the last laugh.

ZION CHAPEL 26 HOUSTON ACADEMY 16

BRANTLEY VS. J.U. BLACKSHER

The Brantley Bulldogs will be looking to get back on track before the beginning of the playoffs when they host Blacksher in their season finale. Brantley would like to get some folks rested for the playoffs, and might just get the chance this week in the second half. This one should not be close.

Last year the Kinston Bulldogs closed out the season on a Thursday night, and posted an upset win to move into the playoffs. This year the Dogs are at it again, and have moved their game to Thursday to see if lightning might just strike twice. It might, but that is not the forecast for Kinston.

Second half rally dooms Tigers in 26-20 loss to Andalusia

By Ricky Mulara, Sports Editor

It was a "tale of two halves" Friday night as the Elba Tigers hosted the Andalusia Bulldogs in one of South Alabama's oldest high school football rivalries.

In the first half, Elba rolled up almost 200 yards in total offense and scored three quick touchdowns to grab a commanding 20-0 lead. In the second half the Tigers managed only 11 yards in total offense and never threatened to cross the goal line. The result was an Andalusia comeback that left the Tigers and their fans stunned, as the visiting Bulldogs pushed across two fourth quarter touchdowns to escape with a 26-20 win.

Andalusia failed to move the chains on the initial offensive series of the night, but got the ball right back on a fumbled punt at the Elba 45-yardline, and this time headed toward the Tiger goal line.

The Bulldogs' Bryan Doherty got the call on four straight plays and gained a total of 28 yards to spark the drive, while a pass interference penalty against Elba gave Andalusia a first and goal at the Elba 9-yardline. The Bulldogs got as close as the four. However, the Elba defense rose to the early challenge, and big hits by linebacker Keni Mitchell on third and fourth down plays turned back the scoring threat.

The Tiger offense was 91 yards away from the Andalusia endzone, but needed only five plays to cover the distance to grab an early lead.

A 32-yard pass from Eric Jordan to Derrick Duncan on third down and 14 kept the drive alive early, while a Jordan pass to Josh Hodge moved the Tigers out to near midfield. Keni Mitchell got the call on the next play, and the speedy senior broke through a huge hole at the line of scrimmage and raced 53 yards for a Tiger touchdown. Brandon Salter booted the extra-point, and with 4:03 left in the first quarter Elba was on top 7-0.

Elba got the ball back at its own 31-yardline following an Andalusia punt, and promptly marched 69 yards in six plays to add to its lead.

A pass interference penalty against Andalusia aided the drive early, while a big play in the scoring march was a 46-yard toss from Eric Jordan to Derrick Duncan. The score came on a 1-yard plunge by Jordan, and after Salter added the extra-point, the Tigers were ahead 14-0 with 11:11 remaining in the second quarter.

Andalusia threatened on its next possession, and behind running Brandon Bradley marched to a first down at the Elba 28-yardline. The Elba defense again rose to the challenge; however, and knocked the Bulldogs back eight yards in three plays, before regaining possession after a fourth down pass failed to find its mark.

The Tigers put the ball in play at midfield after an Andalusia penalty, and wasted little time getting back in the endzone as they marched 50 yards in six plays to score their third touchdown of the night.

A 42-yard halfback pass from Derek Coleman back to quarterback Eric Jordan was the key play in the scoring drive, while Jordan got the score when he waltzed in from three yards out. The extra-point try failed, but Elba appeared to be in complete command with a 20-0 lead with 5:46 still left in the second stanza.

The Tigers had a chance to add to their lead late in the half after a fumble recovery by Kevin Dodd at midfield, but this time failed to even move the chains, and punted the ball back to the Bulldogs.

Andalusia put the ball in play at its own 27-yardline with 1:43 left in the half, and stunned the Tiger defense by covering the distance in seven plays to get on the scoreboard.

The major damage came through the air, as quarterback John Wells completed 3 of 4 passes for 60 yards, and got the touchdown on a 20-yard scoring strike to David Earl McClain. The two-point try failed, but with only :26 left in the half, Andalusia had denied the scoreboard and had cut the Elba lead to 20-6.

Elba received the second half kick and moved to the 26-yardline after an 18-yard return by Eric Jordan, but a penalty and a quarterback sack knocked the Tigers back to the six, and disaster struck on fourth down as a heavy rush resulted in a desperation pass that fell incomplete, as Andalusia put the ball in play at the Elba 6-yardline.

John Wells bulled over on the next play for a Bulldog touchdown, and after the two-point try failed, Andalusia was back in the game, trailing 20-12 with 10:43 left in the third quarter.

The teams swapped turnovers on their next series as Andalusia's David Earl McClain intercepted an Elba pass, and Elba's Britt Grimes recovered a Bulldog fumble.

The Elba defense kept the Tigers on top the remainder of the quarter by stopping Andalusia on two consecutive fourth down conversion attempts in Elba territory.

The first stop came at the Elba 31, when Britt Grimes sacked Wells for an 11-yard loss on a fourth down and seven, while the second stand came when Keni Mitchell made a tackle on a Bulldog pass receiver four yards short of the chains after a pass completion.

Andalusia put the ball in play at the Elba 47-yardline with 8:45 left in the game and covered the distance in 10 plays to catch the Tigers on the scoreboard.

The Bulldogs converted two fourth down plays during the scoring march, including a fourth and five at the Elba 39, with the score coming on a 4-yard dash by Brandon Bradley. Bradley added the two-point conversion, and with 4:34 left on the clock the score was tied at 20-20, and the fans were thinking overtime.

The Elba offense failed to move the chains on the ensuing possession, and punted the ball back to Andalusia, with the Bulldogs taking over at the Elba 35-yardline after a short return.

The Andalusia offensive line dominated the tiring Tigers on the ensuing possession, as the Bulldogs drove 35 yards in six running plays to grab the lead!

Brandon Bradley gained 21 yards on three carries to spark the scoring march, while it was John Wells that got the touchdown on a 2-yard blast. The extra-point attempt failed; however, with only :44 left in the game Andalusia had rallied and taken the lead at 26-20.

The Tigers were down for the first time in the game, but refused to throw in the towel, and with the aid of three Andalusia penalties and a 13-yard completion from Eric

Jordan to Derrick Duncan, moved to a first down at the Andalusia 33-yardline with :10 still left on the clock.

Jordan lofted a pass into the endzone on the next play hoping to hit one of three Tiger receivers in the area, but the pass was picked off by Andalusia's David Earl McClain, and the Bulldogs had the win 26-20.

Keni Mitchell gained 53 yards on 5 carries and scored a touchdown to lead Elba, while Derrick Duncan caught 3 passes for 91 yards. Brandon Bradley gained 76 yards on 13 carries and John Wells added 68 yards on 14 carries to lead Andalusia.

Keni Mitchell made 10 tackles to lead the Elba defense, while Tony Burks made 6 stops and Josh Hodge and Bradley Bowers both made 5 stops.

The Kinston Bulldogs hosted the Zion Chapel Rebels Friday night in the renewal of their cross-county rivalry, and while the Bulldogs showed great improvement on both sides of the ball, two fumbles inside their own 20-yardline turned into a pair of Rebel touchdowns as Zion Chapel claimed an exciting 32-20 win.

The win moved the Rebels' record to 1-7, while the Bulldogs slipped to 0-9 with the loss.

Zion Chapel took the opening kickoff and immediately went to work on the Kinston defense. Josh Grantham picked up a big run on the second snap of the game to set up the Rebels' first score of the night, which came when Wes Bragg connected with Andy Howell on a touchdown pass. The extra-point failed, but the Rebels had the early 6-0 advantage.

Kinston took control at its own 35-yardline following a return by Ricky Morris, and converted on a third down and 12 when quarterback Bishop Edwards called his own number and picked up the first down. The drive stalled after the first down; however, and the Bulldogs punted the ball back to the Rebels.

Bishop Edwards moved out to receiver on Kinston's next possession and Tim Whigham took over the quarterback chores. Whigham found Edwards on a big pass play to move the Bulldogs to near midfield, and Kinston moved to the Z.C. 35-yardline after a pass interference penalty against the Rebels. Ricky Morris moved the 'Dogs to the 8-yardline on two running plays, and later scored on a 2-yard blast to put Kinston on the scoreboard. The two-point try failed, but with 11:23 left in the second quarter the Bulldogs had pulled even at 6-6.

Zion Chapel threatened to regain the lead late in the half as the Rebels moved to a first down at the Kinston 25-yardline following a 23-yard scamper by Josh Grantham, but the

Kinston defense rose to the challenge and made the big play on fourth and inches when the Bulldogs' Daniel Davis broke through and sacked the Rebel runner for a 10-yard loss.

Zion Chapel got the ball right back only one play later on a pass interception by Wes Bragg, and beat the clock and the Kinston defense to regain the lead just before the end of the quarter.

Josh Grantham had a big run to set the Rebels up at the Kinston 11-yardline with :39 left on the clock, and scored on an 11-yard dash with only three ticks left on the clock. The two-point try failed, but the last-second heroics by the Rebels were enough to put Zion Chapel on top 12-6 at intermission.

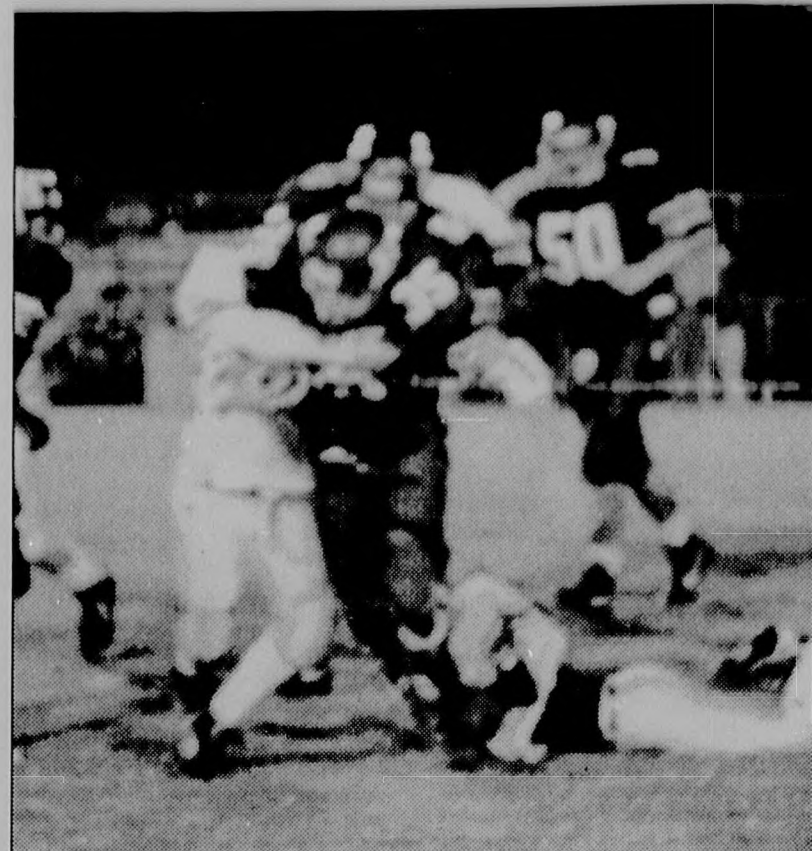

The Bulldogs received the second half kick, but fumbled the ball to the Rebels, as Zion Chapel came in with great field position at the Kinston 25-yardline.

Grantham bulled inside the Bulldog 10 on the first play of the short scoring drive, while the touchdown came on a short pass to Wes Bragg. The extra-point failed; however, with 10:41 still left in the third quarter the Rebels had opened up an 18-6 lead.

Kinston's Ricky Morris recovered a Rebel fumble to turn back a Zion Chapel threat inside the Bulldog 20, and the defensive stand seemed to spark life into the Kinston offense, as the Bulldogs quickly marched down the field to get back on the scoreboard.

Chancy Lashley had a key run in the long scoring march, while the score came on a 20-yard touchdown pass from Bishop Edwards to Bryan Ellis. The two-point conversion failed, but with 5:30 left in the third quarter the Bulldogs had cut the Rebel advantage to 18-12.

Zion Chapel hacked away at the Kinston defense on its ensuing possession and moved inside the Bulldog 20 behind the running of Josh Grantham. A pass to David Eddins moved the Rebels inside the 10-yardline, and from there

Kinston's Ricky Morris (35) fights for yardage in the Bulldogs' 32-18 loss to Zion Chapel. The Bulldogs will host Straughn Thursday night with a playoff berth on the line.

Grantham did the rest as he rambled nine yards for a touchdown. The extra-point was successful, and Zion Chapel was back in control with a 25-12 lead with :18 left in the third quarter.

Kinston's Ricky Morris returned the ensuing kick to the Bulldogs' 41-yardline to give the offensive excellent field-position, and the Bulldogs responded behind the running of Chancy Lashley as they pulled with 25-18 with 11:01 remaining in the game.

The Bulldog defense turned back a Rebel scoring threat on Zion Chapel's next possession to stay within striking distance, but the 'Dogs gave the ball right back on a fumble only inches from the Kinston endzone. The Rebels quickly punched it over for the score, and

added the extra-point, to extend their lead to 32-18 with 4:19 left in the game.

Kinston's Josh Harrison made a touchdown saving tackle on Josh Grantham after a pass interception late in the game, but the play had little to do with the outcome, as the Rebels ran out the clock to post the 32-19 win.

Josh Grantham gained 153 yards and scored 2 touchdowns to lead the Rebels, while Marcus Taylor hit on 6 of 12 passes for 93 yards. Kinston was led by Chancy Lashley with 125 yards on 12 carries.

Kinston will play its final game of the season Thursday night when they host the Straughn Tigers. An upset win over the Tigers will send the Bulldogs into the playoffs.

Geneva County outscores Gamecocks 27-13

New Brockton High School principal Dale Kelley crowns Crystal Burrows as the 1998 Homecoming Queen during ceremonies Friday night. Queen Crystal reigned over the festivities at New Brockton throughout the celebration.

By Josh Lewis, sports writer

The New Brockton Gamecocks hosted their second undefeated opponent in the past three weeks Friday and fell to 0-2 against 2A powers as the Geneva County Bulldogs used big plays to outscore the Gamecocks 27-13, in New Brockton.

The loss left the Gamecocks with a 5-4 record, while Geneva County improved to 9-0 with the win. Neither team was able to muster any offense early in the game; however, the Gamecocks started a series at their own 48-yardline midway through the opening quarter and New Brockton marched down the field toward the Bulldog goal line, only to stop itself with a fumble at the Geneva County 39-yardline.

The Gamecock defense came up with the first big play of the night as Andre Flowers lowered the boom on a Bulldog runner, and Nicky Anderson scooped up the Bulldog bobble and rambled 65 yards for a touchdown. Robby Kinsaul added the extra-point, as the Gamecocks grabbed the early lead at 7-0.

The lead didn't last for long; however, as Geneva County came right back with a score of its own as Andre Golson broke loose and scampered 60 yards for a score. Scott Majors added the extra-point, and with 1:10 left in the first quarter the score was now tied at 7-7.

The Bulldogs got the ball right back on a punt, and once again got a big play from Golson, as the speedster broke through the line and this time raced 69 yards for another Geneva County touchdown. Majors added the extra-point, and with 9:45 left in the second quarter Geneva County had moved on top 14-7.

New Brockton returned the ensuing kickoff all the way to the Bulldog 30-yardline on a reverse from Nathan Rainey to Jason McKenzie, and the Gamecocks proceeded to push the ball across the goal line as Lee Flowers got the score on an 11-yard dash. The extra-point try failed, as with 2:00 left in the half the Gamecocks had pulled within 14-13.

Geneva County was determined

to score again before halftime, and the Bulldogs did just that, as Andre Golson broke loose for the third time in the game and scored on a 23-yard touchdown jaunt. Majors made the extra-point, and with only 19 remaining in the half Geneva County's advantage was back up to 21-13.

New Brockton received the second half kickoff and quickly marched across midfield, but lost the ball on a fumbled snap, and Geneva County took over with excellent field position.

The Bulldogs used their muscle in the offensive line to march toward the Gamecock goal line, and got into the endzone for the final score of the night on a 1-yard dive by Cliff White. The extra-point try failed, but with 3:11 still left in the third quarter Geneva County had taken command with a 27-13 win.

Lee Flowers gained 92 yards on 14 carries and scored 1 touchdown to lead New Brockton, while Geneva County was led by Andre Golson with 284 yards and 3 touchdowns on 28 carries.

The Gamecock defense was led by Pate Harrison with 8 tackles, Charlie Moore with 6 tackles, and Jason McKenzie with 4 tackles.

New Brockton's Lee Flowers (33) heads outside for a big gain in the Gamecocks' 27-13 loss to Geneva County. The Gamecocks will host undefeated Florala Friday night.

The Bulldogs out together a good drive early in the second quarter, and sparked by a 44-yard pass from Andy Johnson to Zack Burnett, moved deep into Trojan territory. The drive ended as Rich Fidel intercepted a pass at the 20-yardline.

St. James quickly drove downfield on a 10-play drive that covered 73 yards. Stephen Woodham got the touchdown on an 8-yard sweep around the right-end, and this time Ritch hit the extra-point try, as the Trojans lead went to 13-0 with 5:02 remaining in the second quarter.

Woodham struck again only moments later as he broke through on fourth down to block a Bo Daniels' punt out of the endzone for a safety. This made the score 15-0 with 3:25 left in the half.

The Trojans took the ensuing free kick and marched deep into Bulldog territory, only to see the Brantley defense stiffen to force a field-goal attempt on the final play of the half. The attempt sailed wide, and at the half St. James was in control by the score of 15-0.

St. James again moved deep into Bulldog territory as the second half opened, but the Brantley defense again refused to fold, and turned back the scoring threat when a field-goal try failed to find its target.

Brantley showed the St. James fan why the Bulldogs are considered one of the state's top 1A teams on its very next snap, as Bo Daniels took a handoff on a simple dive play and sprinted 80 yards for a touchdown! Gregory Daniels booted the extra-point, and with 7:19 left in the third quarter Brantley had pulled within 15-7.

St. James answered the Bulldog score with two quick scores of its own to regain command. The first score came on a 21-yard pass from Lee Murphy to Matt Grooms, while the second came after a fumble recovery when Jake McMillan rambled in from 22 yards out. The two scores put the Trojans ahead 28-7 with 4:17 left in the third quarter.

The Lee Murphy to Matt Grooms combination accounted for the game's next points, this time on a 34-yard strike with 10:07 remaining in the game. The extra-point by Ritch was true, and the Trojans had blown the game open by grabbing a 35-7 advantage.

Elba Tigers battle for Class 3A, Area 3 title Kinston fights for 2A playoff berth

The regular season will draw to an end this week for high school teams across the state; however, it still a big week for many teams in the area as the Elba Tigers go after the Class 3A, Area 3 title, and the Kinston Bulldogs battle for the runner-up spot in the Class 2A, Area 3 race.

Following are previews of this week's action:

ELBA AT SLOCOMB

The Class 3A, Area 3 championship and the home field advantage in the opening round of the playoffs will be on the line Friday night when the (1-7) Elba Tigers battle the (2-7) Slocomb Red Tops. The Tigers will enter the area title bout after dropping a disappointing 26-20 decision to the 5A Andalusia Bulldogs, in a game in which the Tigers blew a 20-0 second quarter lead. The Tigers have shown signs of life in recent weeks on offense and have averaged 23 points per game in the past two weeks, while the defense saw its two-game streak of not allowing a touchdown end in last week's loss. Slocomb will enter the game in the midst of a five-game losing streak, but the Red Tops will be at home, and will be confident that a win is possible against the struggling Tigers. Slocomb has claimed wins over Samsom 12-6 and Clayton 28-14, while losing to Houston County 20-12, Geneva 54-6, Abbeville 21-6, Headland 38-6, Rehoboth 27-16, Geneva County 39-7 and Wicksburg 28-10. This game will grab any headlines across the state, but the Area 3 crown is at stake, along with the home field advantage in week #1 of the playoffs. It should be a real battle between two teams with something to prove!

STRAUGHN AT KINSTON

The Class 2A, Area 3 runner-up spot will be up for grabs Thursday night when the (6-3) Straughn Tigers travel to Kinston to battle the (0-9) Kinston Bulldogs. The Bulldogs saw their season-long losing streak continue last week in a 32-18 setback to Zion Chapel, and the Bulldogs will be out to break their overall 10-game skid with an upset over the Tigers. Straughn will enter the game as a huge favorite, but the Tigers know that an upset would end their season, and will come out fired up against the Bulldogs. The Tigers have claimed wins over Louisville 14-6, Navarre 25-14, McKenzie 28-0, Elba 6-3, Excel 27-21 and Red Level, while losing to Headland 13-7, New Brockton 22-6 and Florala 33-6. This game appears to be a blow-out for the Tigers on paper; however, the last time the Bulldogs won was in their final regular season game a year ago, on a Thursday night, with the runner-up spot up for grabs. It could be better than many think.

BLACKSHER AT BRANTLEY

The (6-3) Brantley Bulldogs will be looking to close out the Area race undefeated and get back on track before the playoffs when they host the (2-7) J.U. Blacksher Bulldogs, Friday night at Bulldog Stadium. Brantley saw its three-game winning streak come to an end last week in a 35-19 setback to 3A St. James; however, the Bulldog offense continued to put points on the scoreboard and for the season has averaged almost 32 points per game. Blacksher snapped a seven-game losing streak last week with a 33-32, double-overtime win over McKenzie, as it won for the first time since a week one win over J.F. Shields 14-12. The losses have been to Milby 35-6, Floraton 42-0, Red Level 28-21, Jay 39-13, Excel 41-24, Alabama Christian 42-14 and Frisco City 36-6. With the area title on the line, Brantley should be a big favorite over their guests.

FLORALA AT NEW BROCKTON

The (5-4) New Brockton Gamecocks will be battling their third undefeated opponent in the past four weeks Friday night when they host the (9-0) Florala Wildcats, in their regular season finale. The Gamecocks lost to unbeaten Geneva County 27-13 last week to fall to 5-4 for the season, and two weeks ago fell to undefeated Wicksburg 14-7, in overtime. New Brockton will be hoping that the third time will be the charm against unbeaten foes, and that it can get back on track for the playoffs. Florala has been one of the surprise teams in the 1A ranks this season as the Wildcats have rolled

to nine straight wins and averaged over 40 points a game. The Wildcats' wins have come over Red Level 47-22, Samsom 30-7, Louisville 37-6, Georgiana 14-13, Straughn 33-6, Kinston 64-0, Houston Academy 61-28, Zion Chapel 35-6 and G.W. Long 35-6. The Gamecocks need a win this week to post a winning record, and while it won't be easy, it is also not impossible.

HOUSTON AC. AT ZION CHAPEL

The (1-7) Zion Chapel Rebels will be looking to end the season with a two-game winning streak Friday night when they host the (0-8) Houston Academy Raiders, at Green Memorial Stadium. The Rebels snapped their season-long losing streak last week with a 32-18 win over Kinston, and should be

excited about their chances in their week #10 match-up with the Raiders. Houston Academy has been in a season-long slump and will enter the game after consecutive losses to Coffeeville 18-14, Antion 35-0, McKenzie 28-7, G.W. Long 27-6, Louisville 32-3, Alabama Christian 35-14, Florala 61-28 and Thorsby 25-14. This game may not mean much to most of the football fans in the state, but it is very big game for both teams involved, and should be a shoot-out.

KEEP GARY L. McALILEY YOUR CIRCUIT JUDGE

- **CIRCUIT JUDGE GARY L. McALILEY** has served as a trial Judge for the last 22 years. He has decided his cases in a timely and efficient manner. Over his career, he has tried or resolved more cases than any Circuit Judge in the history of Pike and Coffee Counties. Judge McAliley is the only **TRULY EXPERIENCED** candidate for re-election as Circuit Judge.
- **CIRCUIT JUDGE GARY L. McALILEY** has throughout his career issued rulings based only on the facts and law—not politics. In fact, Judge McAliley has been reversed less than 5 times in criminal cases. This means once a case is tried in Judge McAliley's court, the victims, defendants, witnesses and society (through jurors) have not had to go through the agony and expense of re-trials.
- **CIRCUIT JUDGE GARY L. McAliley is "TOUGH ON CRIME."** Over his career, he has sentenced more drug dealers to the penitentiary than any other Circuit Judge in the history of the circuit (Many of you have served on his juries and know first hand how competently he runs his court room.)
- **CIRCUIT JUDGE GARY L. McALILEY**, over his 22 year judicial career, has been sensitive to the rights of citizens and has devoted his career to providing extra protections for our young and our elderly as they are least able to protect themselves. In fact, Judge McAliley has been selected by his fellow Judges, District Attorneys and Child Support Workers as "Alabama's Judge of the Year" for his work in protecting the rights of children
- **CIRCUIT JUDGE GARY L. McALILEY** is the only candidate that gives of himself to his community. Judge McAliley established his county's "NEEDY CHILDREN'S CHRISTMAS PARTY" which has been held annually at the Judge's home for the last 13 years. He also serves as chairman of the board of a "not for profit" corporation that provides housing for our elderly.
- **CIRCUIT JUDGE GARY L. McALILEY** is the only candidate with the proper judicial temperament and demeanor to serve as our Circuit Judge.

A NOTE FROM THE JUDGE:

Thank you, the people of Pike and Coffee Counties, for allowing me to serve as your Circuit Judge. I sincerely ask for your vote November 3, 1998.

Yours very truly
Gary L. McAliley
Circuit Judge

Jack Thompson, Continuing To Move Agriculture Forward!

Jack Thompson has proved to be a man of trust and integrity that has brought the Department of Agriculture and Industries to high level of efficiency in protecting Alabama consumers. Jack Thompson has been the major role in improving communications between farm organizations, worked with citizens on pesticide safety, developed rules governing confined animal feeding operations, and worked toward recruiting agriculture industries into Alabama. The department is charged with enforcement of regulations governing food safety, proper weights and measures and ethical practices by companies who provide services.

If you are interested in how you can help Jack Thompson continue to move agriculture forward please contact us at:

Pam Smith's 6th Grade 4-H club elects officers

Lyndsay Lawford, Reporter

Officers elected in Pam Smith's sixth grade 4-H class at the September meeting were: President - Mallory Allen; Vice President - Anna Harrison; Secretary - Cameron Irwin; Reporter - Lyndsay Lawford; Song Leaders - Kaleb Dyess and Taylor McGuire.

In this meeting a discussion was held on what 4-H is and how many projects the students are required to participate in for attendance at the year-end pool party. On Oct. 22 the 4-H meeting had 19 members in attendance. Possible 4-H projects were discussed. These included sewing and decorating a duffel bag, entering a pumpkin-weighing contest, wildlife day, cooking workshop and a contest in which something can be entered for judging at the Peanut Festival.

Mrs. Smith then handed out material on the projects selected. She then presented a program on "stereotyping."

Mrs. Smith told the students that 4-H is an independent club, not only for 4 - 6th graders, but also for high schoolers and college students.

The club members were reminded of the Peanut Festival beginning on Nov. 9, and they were also encouraged to do at least three projects this year.

The meeting was adjourned by Mallory Allen.
